What We Believe

We believe Israelis and Palestinians deserve to live in peace, security, and with dignity.

Jewish Canadians are heartbroken to see the death and destruction on both sides.

We believe that Canadians of goodwill must not, cannot, allow the conflict to be imported to Canada.

Canada was, in significant part, built by people who fled violence occurring in other parts of the world. We do not want, nor should any Canadian accept, the importation of overseas conflicts to Canadian soil.

We Believe every member of Canadian society has a right to demonstrate peacefully in a non-threatening manner consistent with Canadian values.

Threats and violence and hate speech directed at other Canadians are utterly unacceptable

We believe the root cause of the conflict is and has always been the rejection of a Jewish State by Palestinian leadership, and that rejection is animated by antisemitism.

Israelis want peace. Since 2000, Israel has tabled 3 comprehensive peace proposals. All have been rejected without counteroffer. Palestinian leaders are failing the Palestinian people.

We believe that Islamist terrorist groups such as Hamas and Palestinian Islamic Jihad commit double war-crimes when they use their own people as human shields and fire missiles *from* densely populated areas *into* densely populated areas.

Israel has an obligation to defend its citizens from terror. Israelis are in an impossible situation most Canadians cannot fully appreciate. The Israel Defence Forces take extreme precautions to avoid civilian casualties. Terrorist groups celebrate deaths on both sides.

We believe that the current violence is fueled by lies and misinformation.

Media and policymakers have an obligation to look at the facts and stop drawing a moral equivalency between terrorist organizations like Islamic Jihad and a democracy like Israel.

We believe in peace. The violence must stop.

Attacks by Jews on Arabs and attacks by Arabs on Jews in Israel are appalling and deeply troubling. We take some comfort that both Jewish and Arab leaders in Israel have uniformly condemned this violence. Conversely, Hamas and Palestinian Islamic Jihad have celebrated it.

We believe Canada must reject the moral equivalence between Islamist terrorist groups that indiscriminately fire missiles at civilians and a democracy like Israel.
